

2022 VFF New Rule Results

Below are the following New Rule proposals for this year.

7 Votes in Total = 6 Owners, 1 Commissioner (4 did not vote)

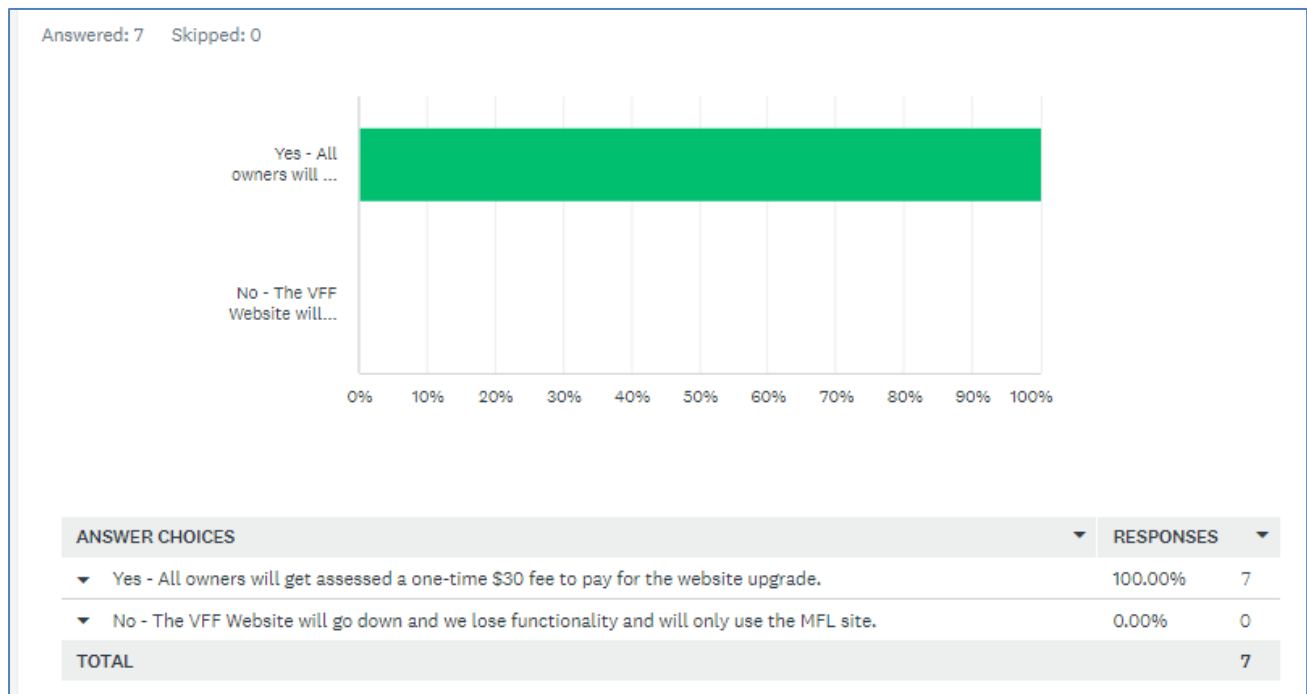

Proposal A – Assess All Owners a fee to pay for Website Upgrade – PASSED 7 – 0

We need to assess all owners \$30 per owner to pay for a Website Upgrade of \$300.

Our designer has told the VFF that we need to upgrade the VFF website otherwise the site will go down. We have a sweet deal (Since our designer and web host is my wife) where we do not pay her normal hosting and update charge of \$240 a year and normally she charges \$800 for the upgrade. So even in paying the \$300, we are still ahead by over \$740!

If we decide not to assess owners the \$30 the VFF Website will go down and we will only use the MFL site. In going solely with the MFL we do lose functionality, especially during the off-season, such as New rule proposals, League Payment Portal, Keeper page, Draft page, Prize Money or winnings pages, and a one stop portal for both the NAFL and VFF leagues. Most fantasy football sites do not support these activities. Some of these pages you may or may not use but they are a part of the NAFL experience.

- A Yes Vote = All owners will get assessed a one-time \$30 fee to pay for the website upgrade. 7 votes
- A No Vote = The VFF Website will go down and we lose functionality and will only use the MFL site. – 0 votes

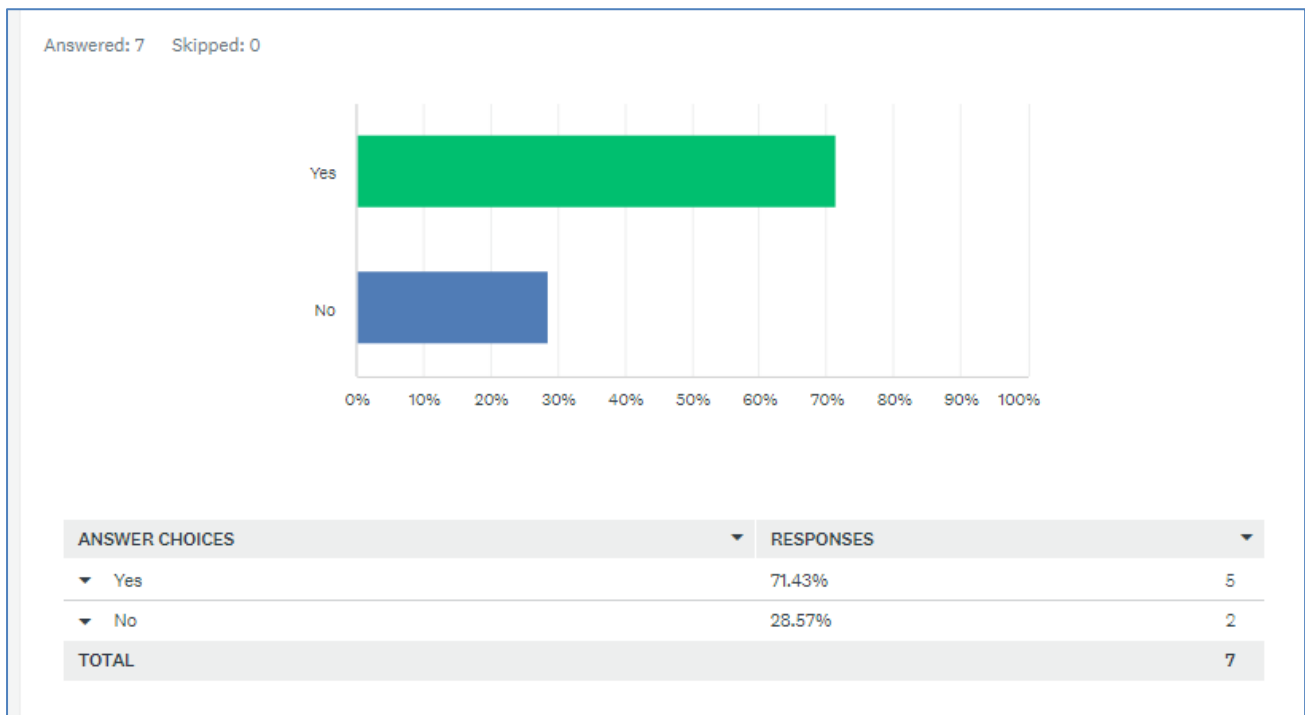

Proposal B –Select Taxi Squad players during Draft – PASSED 5 – 2

Allow three (3) Taxi players be selected during the annual league draft. The draft will be expanded by 3 rounds. The last three rounds after the Offense and Head Coaches get picked will be dedicated to taxi squad players. Position limits will be enforced as follows.

- 1 additional QB
- 1 additional RB
- 1 additional WR

After the draft position limits for Taxi squad players would be lifted. Teams would still be allowed to keep four (4) taxi squad players and can keep TE, K's, and Def/Spt players. Taxi squad players can be added and changed after the draft during transactions.
