

VFF New Rules Voting Ballot

During the Draft we had a discussion to add or change some rules. Below are the proposals based on these discussions.

Proposal A – Allow transactions during the championship week (Select one option)

During the championship week of the playoffs or week 17, allow teams to make free agent transactions. Franchises would be allowed to make two transactions to add or drop players. No trades would be allowed. Transaction rules for add / drops would be followed. Players that are dropped would not be eligible for Rookie and IR Franchise Players the following year.

- a) Allow all teams to make a transaction
- b) Only allow the two teams in the championship game to make a transaction.
- c) Do not change the current rule, no transactions should be allowed.

Proposal B – Change yardage points (Vote Yes or No)

Change the number of points teams receive for yardage to 1 pt for every 25 yards. Currently the rule is as follows:

For every 300 YDS PASSING, 1 PT, 100 YDS RUSHING 2 PTS, 100 YDS RECEIVING, 2 PTS.

This would change to the following:

YARDAGE POINTS: 300 YDS PASSING, 6 PTS, 100 YDS RUSHING 4 PTS, 100 YDS RECEIVING, 4 PTS.

Proposal C – Coaches on a Bye get no points (Vote Yes or No)

Change the rule that coaches on a bye automatically get 3 points. This rule would change that when a coach is on a bye they get 0 points.

Proposal D – Change the Team Offense Scoring (Vote Yes or No)

The MFL website will no longer allow us to do the TeamQB. The TeamQB rule was designed to allow teams to get points if a starting QB gets hurt or pulled during the game. In order to keep the spirit of the TeamQB rule we need to modify Team Offense scoring.

The proposal is add in scoring for the Team Offense. Scoring for TD's is lower since it is designed to supplement if a QB gets pulled from the game. The following scoring will be added.

TD's - 3 pts for every TD. TD's longer than 50 yds = 6 pts
Interceptions = -1 pts
Team win = 3 pts

The Starting QB will still continue to get full scoring pts to include TD pts and yardage pts. Teams would be encouraged to link your Team Offense to your starting QB.

A no vote takes away the TeamQB option and you will get no points from the QB when your starting QB gets hurt.
